

Beacon Mechanical Service, LLC

Description:

We are a locally owned and operated company, here in Granby, Connecticut. We support our neighbors and communities, by providing superior customer service. Our team of professionals are experienced, highly trained, and fully equipped to service, repair or replace your existing heating and cooling equipment.

Here at Beacon Mechanical, we constantly strive to be your one source for home services. Recently we have expanded to include full plumbing services, well pump installation and maintenance, sheet metal fabrication, and duct work.

Our fuel oil delivery service is now into its second successful year and growing daily. Log on to BeaconMechanical.com to see our current fuel oil prices, take advantage of online ordering and to view our "Dare to Compare" feature. This gives you the ability to compare the price of your recent fuel oil purchases, with what we were charging, on the very same day. You'll find we are always, very competitive.

Whether you need annual maintenance, simple or advanced plumbing work, installation of a complete heating and cooling system, fuel oil, or you're in need of emergency service, the expert team, at Beacon Mechanical, will be there for you, 24 hours a day.

The Riggott family and Beacon Mechanical Service, "Your guiding light in heating, cooling and plumbing." We look forward to servicing you.
